PLANNING TODAY. PROTECTING TOMORROW.

From Start to

FINISH

We understand the importance of security engineering and project management support in both government and commercial institutions. That's why our goal is to assist clients in defining both security and construction solutions for effective facility management.

QUINTECH professionals have successfully managed over 500 Security System Design and Installation Projects. Our staff also has extensive knowledge and experience in the Design and Construction of General Work Spaces as well as Secure Work Environments (SWE). QUINTECH specializes in Physical Security Consulting and in the Construction of Secure Rooms, Command Centers, Sensitive Compartmented Information Facilities (SCIFs), and provides Soundproofing of other work spaces.

WHO IS QUINTECH?

• • • • •

Quintech offers an exhaustive range of independent security consulting, security engineering and construction management services focused on **Enhanced Facility Management.**

1997

QUINTECH Solutions, Inc. is a minority-owned small business incorporated in 1997.

- Headquarters: Summerville, S.C.
- Founder: Harold C. Gillens, PSP, CHS-III

2003

In January 2003, QUINTECH began its full penetration into the Government, Education, and Commercial markets by offering an independent view for our clients' security needs.

2007

By 2007, QUINTECH's expansion included the birth of a Construction Management Division to focus on the federal government's need of Secure Work Environment/Secure Rooms. Our engineers all have in-depth experience in the security and construction of Open Storage, Closed Storage and SCIFs.
